

Historic Mt. Gilead Church

a picturesque location for special engagements

Built in 1873, this beautiful and simplistic brick church still holds its original furniture, light fixtures and gorgeous tongue-and-groove ceiling. These details add a special touch to any event.

"Its simple furnishings add to the charm many couples are seeking. With the right decor, Mt. Gilead Church can be transformed to fit most any style of wedding." ~ Elizabeth Gilliam Beckett, Clay County Historic Sites Director

The facility also has, for your use, tables and folding chairs. There is a small dressing room located inside the church, and the front lawn serves as picturesque site for your reception.
